Hello,

In regards to passing a law where we as consumers can choose to **KEEP** our current cellular phone number when possibly changing the service provider... I want this.

So YES to keeping cell numbers while changing provider.

Thank you,
Kayla Graffam

I would like to **see**, in the near future, cellular customers able to keep their phone number when changing service plans.

Thank you,
Dulce Bautista

I want to add my voice of support for allowing **us** to keep our phone number when we move cell phone companies. Having to change numbers when we change companies is a pain for **us** all. I am happy to know that as of November, that should not be the case any longer. The phone companies already rip **us** off in too many ways. I am glad that this is one way they will no longer be able to **do** it !

I am strongly in favor of allowing consumers to keep their mobile phone numbers when they switch cellular telephone service plans and/or company providers.

Thank you for your attention,

Hello,

I'm writing in support of allowing consumers to keep their current mobile telephone number while switching providers, which I understand is currently under consideration.

Frankly, since many business contacts contact me on my mobile phone, I feel somewhat held hostage by the current system. I could lose valuable business if prospective and/or current clients were not able to contact me at my long-standing mobile telephone number. Consequently, I don't dare change providers, even though I could certainly get a more competitive rate plan with other companies.

Thank you for your consideration

Best,

Wanda Doran
